(contact information is optional, if you don't want specific responses from us)

Are you aware of any community professionals in northern Michigan who might be interested in joining our efforts? (i.e. attorneys, social workers, advocates)

As we proceed, are there specific situations related to immigration that we could include in future presentations? Are there any other immigration related questions you have at this point?

As we prayerfully consider our next steps in this process, we value your input. If you have further thoughts or concerns, please include them here. Feel free to use the back of this page.
